

ANDALUCÍA  
AEROSPACE  
CLUSTER EMPRESARIAL

# About us

# The cluster

**Andalucía Aerospace** was created as a private association to represent all the aerospace companies located in Andalusia.

Furthermore, like other European regions, Andalusia also has its **regional cluster**.

# Affiliates

The Andalucía Aerospace cluster is made up of more than **90 companies** from the Andalusian business network.

They work collaboratively towards a common objective: advancing and expanding the aerospace industry.

# Capabilities of our companies

Leticia Chaichio  
**Administration and finance**

Mélanie Durth  
**R&D projects and  
communication**

# Our mission

**Strengthening the local companies** as a cluster in the aerospace market

Helping our members reinforce their **international presence**

**Institutional representation** on behalf of the local companies

**Fostering technological development** inside the industry

**Promoting synergies** between our members

**Providing qualification & training** for the industry workers

# Our alliances

The Andalucía Aerospace cluster **is affiliated with various international, national, and regional entities.**

## International

**EACP**

EUROPEAN AEROSPACE  
CLUSTER PARTNERSHIP

## National

**TEDAE**

Defensa, Seguridad, Aeronáutica y Espacio

## Regional

**CEA**

Confederación de  
Empresarios de Andalucía

# Who can become a member?

Andalucía Aerospace is an association **open to any company in the aerospace industry** that meets the following requirements:

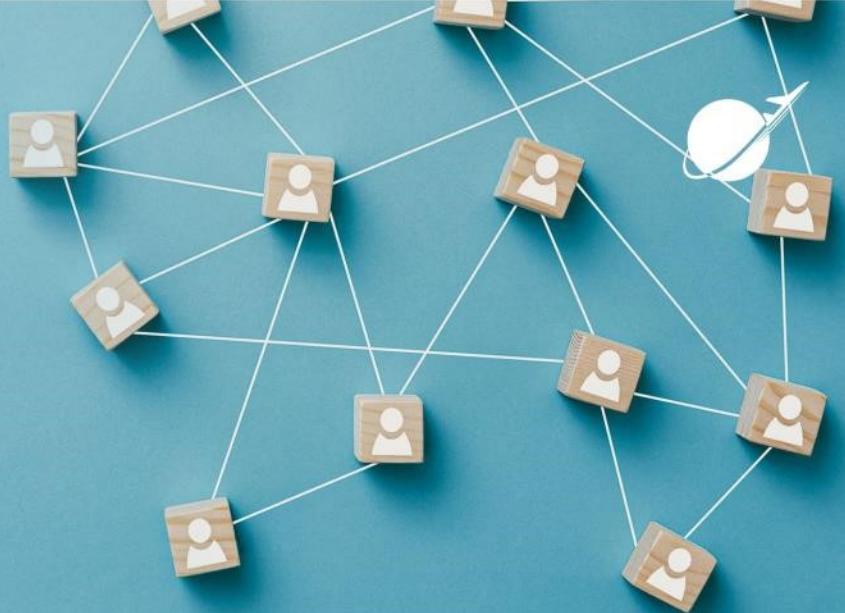

- 1.** Any company that has **economic activity and creates employment in Andalusia**.
- 2.** Any company that is interested in promoting the **objectives of the association** and is willing to **comply with its statutes**.
- 3.** Any company that recognises the **benefits of collaborative efforts** between companies.

# Activities & services

# Networking: Event organisation

**To foster networking**, we arrange **meetings and conferences** that facilitate direct communication between companies.

- 'Andalucía Aerospace' Business breakfasts
- Courses / Informative sessions
- Webinars
- Partner lunches
- Leisure and networking activities

02 / Activities & services

# Promotion & exposure

Our goal is to bring the Andalucía Aerospace brand to a national and international level.

To achieve greater **recognition and visibility**, as well as to expand our **network of contacts**, we attend **international fairs** and participate in **trade missions**.

Aviation Forum  
Hamburg

02 / Activities & services

# Involvement in R&D projects

# Representation at the institutional level

Andalucía Aerospace maintains a **smooth relationship with government agencies**:

Universities

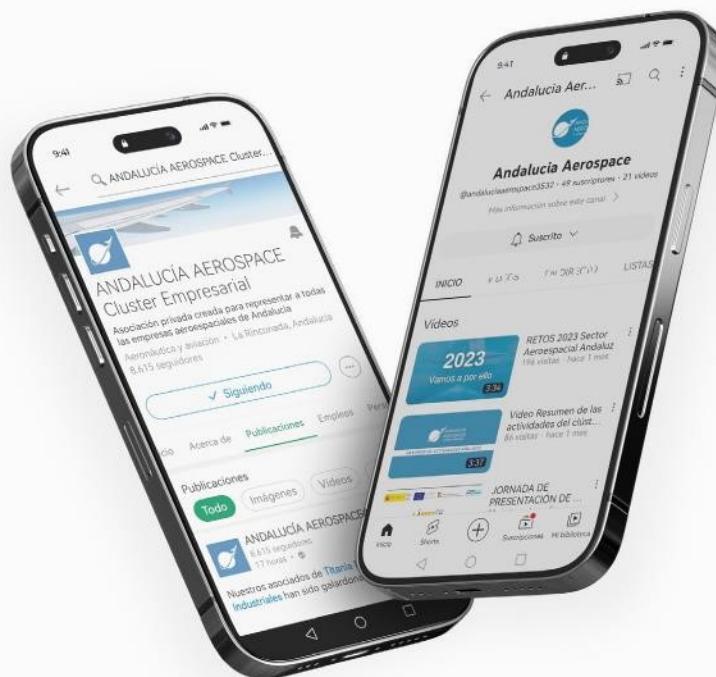

Embassies

# Communication & marketing

- **Up-to-date information** of the sector
- Industry **press releases**
- **Digital promotion** of associate members
- Internal and external **newsletters**
- **Communication & Divulgance** campaigns

# Committees

## Specialist companies committee

A commission established to address the unique needs and requirements of **highly specialised SMEs**.

Identifying **synergies between SMEs** in the cluster

Assistance for SMEs in the **digitisation and internationalisation** process

## Innovation committee

Boosting consortium for R&D projects

Exploration of **opportunities and new technological challenges**  
(New space, Urban mobility & RPAS)

**Announcements** for Open calls

**Technical training**  
based on the latest advances

## Space committee

Development of specific projects

**Boosting of the Space** segment

**Organisation of activities**  
for the space sector

## HR committee

Professional development and qualification proposals

Arrangement of **specialised training**

**Round table on experiences**  
in labor relations
